

An aerial photograph of a busy port. In the foreground, a large container ship is being maneuvered by two red tugboats. The ship is loaded with colorful shipping containers. In the background, another container ship is docked at a pier, with several large green gantry cranes positioned over it. The water is dark blue, and the sky is a pale, hazy blue.

BALCOR

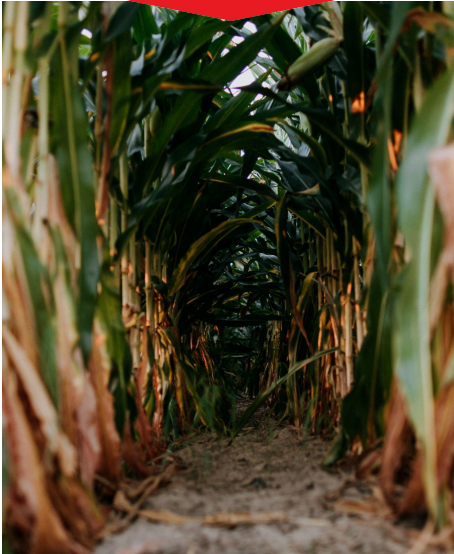

TRADING

Introduction

Balcor is a trading company based in the South region of Brazil, we are specialists in commodities exports;
Our company has around 120 producers and over 20 suppliers;
We always try to practice the most competitive prices;
We started financing the rural producer for 20 years, in his needs as: warehouses, equipments and in the costs for planting.

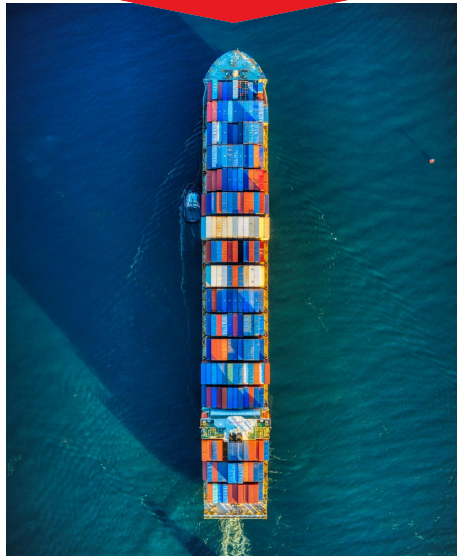

Our Products:

We are specialists in commodities.

- Sugar
- Soybean
- Corn
- Coffee
- Mungbeans
- Fruit Pulp

Where to find us

- We have two offices in Brazil, one in Londrina (Paraná), near São Paulo, and one in Itajaí (Santa Catarina), a coastal city with two operational ports.

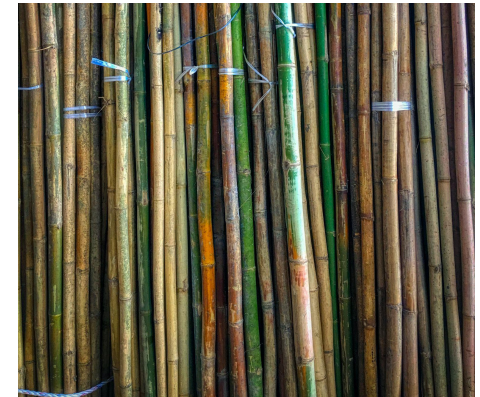

Services

We conduct market research according to the client's wishes.

We have more than 120 rural producers and outsourced teams for the entire logistics chain of the operation.

We have direct contact with the rural producer, which guarantees more agility and speed in the quotations.
